Young Woman's Way of Getting Off Train at Augusta

As the Eastbound C. and O. train, due here at 10 o'clock yesterday morning, was nearing Augusta, a serious accident happened.

At Wellsburg a rustic-looking young woman boarded the train.

As Augusta was approached the brakeman, as customary, passed through the car in which she was seated and called out, "Augusta!" going on to the next car.

The young woman followed him out of the car, apparently unobserved by him, and either fell or stepped off the platform, with the train going fully fifteen miles an hour.

Her name could not be learned; but THE LEDGER informant says her arm was broken and she was otherwise seriously injured.

As this was probably the poor girl's first trip on a railway, she may have thought it the proper caper to get off the train just as soon as the station was called.

LUCKY ESCAPE

A Chicago Man Wanted to See the Wheel Go Round

Messrs. Simon and N. Solomon, brothers of Chicago, have been in the city for several days selling ladies' silk waists.

Sunday being a dull and monotonous day they concluded to while away a few dragging hours by crossing over to Aberdeen and taking a stroll through that pretty little village.

While aboard the Laurance they wandered back to the rear of the boat. Simon, being of an inquisitive turn, climbed up the side of the water box inclosing the wheel and protruded his head over in order to watch the wheel revolve, unconscious of the fact, however, that a large wooden beam, a section of the rudder to which is attached the tiller wire, swings back and forth at the dictation of the pilot, with a play of only several inches where the gentleman had his head. Fortunately Captain Clephane gave the wheel a very slight turn, but it was sufficient to clamp his neck in a vice-like grip.

His cry of despair was heard by Mr. George Clephane, who clerks at the Bee Hive, and running forward gave the alarm which undoubtedly saved the man's life.

Had Captain Clephane in the pilot house given the wheel a full turn, as is frequently the case,

the man would have been beheaded as clean as if done with a cleaver. Simon returned to the Kentucky Hotel and it was several hours before he recovered from his nervousness and fright.

This is the second time that marvelous escapes have been made; possibly the next time, being the third, the head caught by the beam will drop into the river.

A PROMINENT EDUCATOR.

Declares Vinol is the Best Cod Liver Oil Preparation.

There has been a good deal of discussion in Maysville regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtue; therefore, the following letter from M. A. Cassidy, Superintendent of Schools, Lexington, Ky., will be read with interest:

"I am pleased to state that after having used and tested the different cod liver oil preparations on the market, I find Vinol to be far superior to them all. It is palatable and pleasant to the taste, in fact, the oily, fishy taste of cod liver oil is done away with entirely, and the curative and strengthening properties of Vinol are truly remarkable.

"Vinol built up my system, strengthened my nerves and made a new man of me, and I heartily endorse it as the most efficacious and agreeable cod liver oil preparation on the market."

Our local druggist, Mr. John C. Pecor, when asked his opinion in regard to Vinol, replied: "We firmly believe Vinol to be the best preparation of cod liver oil, therefore, the greatest strength-creator and health-restorer known to medicine today. We have never sold anything in our store equal to Vinol to build up the system, strengthen the nerves, cure indigestion, chronic coughs, colds, bronchitis and incipient consumption, or to make growing children robust and give strength and vigor to the aged, and to make the weak strong and the sick well.

"It is for this reason that we offer to give back the money in every case where it fails."

JOHN C. PECOR, Druggist.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers, of 327 North Summer Street, Nashville, Tenn., writes:

"I suffered with painful periods, severe backache, bearing-down pains, pains about the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

MADE QUICK ENDING

How Uncle Sam's Soldiers Stopped the Work of Ghouls

It would be difficult to predict what would have followed in the wake of the San Francisco cataclysm but for the presence in that city of a force of the Regular Army.

Charles Smith, who was employed in the circulation department of The San Francisco Chronicle, gave the following account of the summary execution of a ghoul which he witnessed:

"I was in Mechanics' Pavilion when that place was used as a hospital. The doctors were to operate on a well-dressed man who lay unconscious from an anesthetic. He was injured in the groin.

"In pulling off his coat there dropped from his pocket three fingers of women with valuable rings on them. They gave him time to revive and called two soldiers.

"The latter took him out, stood him against the wall of a building and shot him like you would a rabbit."

C. L. Gooding of Norfolk, Va., who was in the stricken city, said he saw a grocer and his wife shot by regular soldiers because they charged \$1 a loaf for bread.

As the general public will not be attracted by extravagant statements, we will leave the blowing and bluffing for others to do by offering high grade pianos at prices that defy competition and terms to suit all classes of customers. This tells the tale at this time and is bringing us a good class of patrons daily. This is a hurry-up time to buy a piano, and you will have to move up and act quickly if you are a piano buyer and want a bargain, as this sale is for a short time only.

Remember the place—John I. Winter's sales-rooms.

The largest room in the world under one roof and unbroken by pillars is in St. Petersburg. It is 620 feet long by 150 feet in breadth. By daylight it is used for military displays, and a whole battalion can completely maneuver in it. By night 20,000 wax tapers give it a beautiful appearance. The roof is a single arch of iron.

AWFUL PSORIASIS 35 YEARS

**Terrible Scaly Humor in Patches
All Over the Body—Skin Cracked
and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty
Days at Cost of \$4.75.**

ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, as it was about five years ago."

"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at nights after getting warm in bed, or blood warm by exercise, when it would be almost unbearable."

"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the State of Kansas. (signed) W. M. Chidester, Hutchinson, Kan., April 20, 1905."

**Kidney Diseases Are Too Dangerous
for Maysville People to Neglect.**

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Maysville.

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:

"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them the strongest kind of recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's Drugstore and I noticed an improvement in my condition from the start. My trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."

SEA LION ACTORS

Prof. Winston's Group of Trained Sea
Lions With Robinson Shows

In the aquatic division of the John Robinson
Shows will be found as fine a group of Arctic
seals as the show world affords, and in addition
to their value as a specimen in the big collection
in the menagerie, they are very potent factors
in the makeup of the arctic program, for they
have received at the hands of their trainer, Cap-
tain Winston, a thorough education, and their
excellent performance has elicited much praise
from the press of our sister cities.

These actors of the sea, awkward as they ap-
pear floundering out of water, do some remark-
able stunts in balancing and juggling, and it is
reported that much professional jealousy exists
between them and their human competitors for
first recognition. All days look like Friday to
them, for they subsist entirely on fish, and woe
be to the contractor ahead who fails to provide
a goodly quantity of the finny tribe each day,
for these Arctic thespians refuse point blank
to perform a single trick without an assurance
that they are to receive an ample portion of
fish as a reward at the end of each act.

The big Show will exhibit here on Monday,
May 7th.

The readers of this paper will be pleased to
learn that there is at least one dreaded disease that
science has been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical fraternity.
Catarrh being a constitutional disease, requires a
constitutional treatment. Hall's Catarrh Cure is
taken internally, acting directly upon the blood
and mucous surfaces of the system, thereby de-
stroying the foundation of the disease, and giving
the patient strength by building up the constitu-
tion and assisting nature in doing its work. The
proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for
any case that it fails to cure. Send for list of tes-
